Trailer Training-Anytime just phone to arrange a suitable appointment

From hitching up, to reversing, We'll get you and your trailer out of sticky situations.

Do you struggle to get the trailer hitched up?

Do you only go forwards?

Is reversing something you can only do if no one is watching?

If you answered yes to any of these questions then you need to book a trailer training session.

Based at Willicote Equestrian Centre, these one hour sessions with David Stephenson (who as a farmer has a lifetime of trailer experience) will be providing one to one tuition on the skills required for safer driving on the road with your horse trailer.

You will need to bring your own vehicle and trailer.

Instructor will advise on whatever areas you feel you need extra help on.
